

MIP CLASS OF 2021 JOB APPLICATION GUIDE

MEDICAL
INNOVATIONS
PATHWAYS

INTRODUCTION

CONNECTING STUDENTS AND CAREERS

Congratulations! Now that you've earned the Medical Innovations Certificate, you are guaranteed job interviews for positions with any of the companies participating in the MIP program. There is no limitation on the number of companies you may interview with. You may apply for jobs with companies even if you have not done job shadows with those companies.

REQUIREMENTS

To receive a priority job interview with MIP participating companies you must successfully complete the MIP program and receive a Medical Innovations Certificate.

In general, to begin work as a full time employee, you must be 18 years of age and be a high school graduate.

REQUESTING A JOB INTERVIEW

Listed below for each company are instructions on how to schedule job interviews. A contact(s) is also listed for each company.

Some companies have requested that you first apply for a position online and then contact them directly. Others prefer that you email your resume directly and let them know you are an MIP graduate. Either way, don't hesitate to reach out. They are eager to hear from you!

HELPFUL TIPS

- **Note that you're an MIP graduate on your resume.** Include a copy of your Medical Innovations Certificate when emailing your resume and/or applying for a job with a company online. It's impressive. You earned it!
- **Make personal contact.** Whether you reach out to companies before or after you apply for a position, make sure you send a personal email and/or call to express your interest in scheduling an interview. Below are two sample emails.
- **Send a thank you note/email** after your interviews.
